

T28. MINT BUREAU

[The United States Mint was established at Philadelphia under act approved Apr. 2, 1792 (Stat. L. v. 1, p. 246). Branch mints in certain other cities were authorized by acts approved Mar. 3, 1835 (Stat. L. v. 4, p. 774), and July 3, 1852 (Stat. L. v. 10, p. 11).

The act approved Feb. 12, 1873 (Stat. L. v. 17, p. 424) provided "that the Mint of the United States is hereby established as a bureau of the Treasury Department, embracing in its organization and under its control all mints * * * and assay-offices * * *, which are now, or which may be hereafter, authorized by law."]

T28.1: Annual reports

(date)

[Until 1857, annual reports were for calendar year and were made by the director to the President. The act of Feb. 21, 1857, required that the report be made to the Secretary of the Treasury and that it be for fiscal year. The report for 1857 is for Jan.-June, since which time reports have been for fiscal year.

Reports for 1819-56 appeared only in the Congressional set, as listed below under those years.

The first separately issued report in the Public Documents Library is for 1859.]

T28.6: Mineral resources west of Rocky Mountains

[The back-titles and the title-page titles of this set have varied greatly. The words "Mineral resources west of Rocky Mountains," which appeared uniformly as back-titles of the last 6 issues, have been chosen as the series title for the set. The imprint dates and those on the backs of the books differ from the actual dates covered by the reports. Book numbers are assigned by the years covered.]

- 866² Reports upon mineral resources of United States [1866]; by J. Ross Browne and James W. Taylor. 1867. 360 p. [The main part of this volume is the report by Browne entered above (T28.6: 866¹), in addition to which is included Taylor's report, Gold mining east of Rocky Mountains (39th Congress, 2d session, House executive document 92, serial number 1293) and also Land Office Circular in relation to mining claims, Jan. 14, 1867.]
- 867 Report on mineral resources of States and Territories west of Rocky Mountains [1867]; [by] J. Ross Browne. 1868. [1342-202] [Bureau edition contains also Report of James W. Taylor on mineral resources of United States east of Rocky Mountains (40th Congress, 2d session, House executive document 273, serial no. 1343).]
- 868 Mineral resources of States and Territories west of Rocky Mountains [calendar year 1868, 1st annual report]; by Rossiter W. Raymond. 1869. ([40th Cong. 3d sess. H. ex. doc. 54]; serial no. 1374.)
- [Another print of this report, with title, Mines of the West, was printed by J. B. Ford and Company, New York, evidently from the plates used by the Government Printing Office, having the document notation in the signature mark. It is not regarded as a public document because there is no proof that it was printed by authority of the Government.]
