

T29. NATIONAL BOARD OF HEALTH

[Created by act approved Mar. 3, 1879 (Stat. L. v. 20, p. 484) and organized Apr. 2 of that year. The act of June 2, 1879 (Stat. L. v. 21, p. 5) defined the powers and duties of the board, transferring to it certain work relating to quarantine which formerly had been required of the Marine Hospital Service (T27.) by the national quarantine act which was approved Apr. 29, 1878 (Stat. L. v. 20, p. 37). The act of June 2, 1879, also limited the duration of the National Board of Health to 4 years. Hence it virtually expired June 2, 1883, although annual reports for 1884 and 1885 were issued, the work being carried on for those years, after which it came to an end for lack of appropriations.]

Classification
no.

T29.1: Annual reports

- (date) [By act of July 5, 1884 (Stat. L. v. 23, p. 277), Congress ordered the reports for 1880-83 reprinted, 1000 copies of each.
- Quarterly reports also were required, but the only ones known to have been made are those for 1880, 3 of which appeared as appendixes to the annual report, while that for the 4th quarter was used as the annual report itself. The Public Documents Library has no separate prints of such quarterly reports; if they were issued separately, they may have been included in the numbered 8° series of Reports and papers; *see* T29.1a: (nos.).]
- 1879 [calendar year] [1919-10]
1880 [calendar year] [1967-8]
Same [reprint 1884] *
- 1881 [fiscal year] [2026-13] [This report repeats some of the statistics for the last 6 months of the calendar year 1880 already included in the 1880 report (T29.1:880).]
Same [reprint 1884] *
- 1882 [fiscal year] [2074-5]
Same [reprint 1884] *
- 1883 [fiscal year] [2201-43]
Same [reprint 1884] *
- 1884 [fiscal year, without appendixes] [2303-176] [No edition without Congressional document number.]
- 1885 [fiscal year] [2339-91]

T29.1a: Annual reports (separates; reports of board)

(date) *See also* T29.3²:2.

T29.1a: Annual reports (separates; Reports and papers)

(nos.) [The Public Documents Library has only no. 1 of this series of separates. The series may have included also certain quarterly reports, as explained in the note under T29.1: Matter included in the appendixes to the full annual reports, and which presumably might have appeared in this series of "Reports and papers," appeared as Supplements to Bulletins (T29.3²:).]

T29.2: General publications

(CT) [None issued.]

T29.3¹: Bulletins 4° [Weekly]

(v. nos.) [This weekly series superseded the series of Bulletins of public health, v. 1, nos. 1-46, issued from July 13, 1878, to May 24, 1879, by Marine Hospital Service (T27.6:1). Those listed here ran from July 5, 1879, to July 1, 1882, when publication was suspended because the appropriation for printing was exhausted. Some years later, Jan. 20, 1887, the publication was resumed by the Marine Hospital Service as v. 2 of their Public health reports, with title, Weekly abstract of sanitary reports (T27.6:).]

T29.3²: Supplements [to] Bulletins 4^o

(nos.)

[These Supplements are not dated and it is not known that they were issued at any stated interval or to supplement particular Bulletins. Such as are in the Public Documents Library are listed here. Almost all are papers which were published also in the annual reports.]

- [1] Preliminary report of Havana Yellow-Fever Commission, submitted Nov. 18, 1879, by S. E. Chaillé and G. M. Sternberg. [1879.] [Also published as appendix B to annual report, 1879 (T29.1:879).]
- 2 [This is the annual report for 1879, which was also published with appendixes (T29.1:879).]
- 3 [Also published as appendix L to annual report, 1880 (T29.1:880).]
- 4 [Also published as appendix I to annual report, 1880 (T29.1:880).]

- 16 [Also published, with plates, as appendix 4 to annual report, 1881 (T29.1:881).]
- 17 [Also published, with additional material, as appendix A to annual report, 1882 (T29.1:882).]
- 18
- 19 [Also published as a part of appendix D to annual report, 1882 (T29.1:882).]

T29.4: Circulars

(nos.)

[There were at least 9 Circulars, but the Public Documents Library has only no. 3 in separate form. As no complete file could be consulted, no attempt is made to list them here. It is known, however, that Circulars were printed in certain Bulletins (T29.3¹): as follows: Circular 5 appeared in v. 1, no. 2; 6, in v. 1, no. 5; 7, in v. 1, nos. 7, 8, 12, and 15; 8, in v. 1, nos. 9 and 10; 9, in v. 1, no. 19.]
