## C9. LIGHT-HOUSE BOARD †

[Transferred from Treasury Department July 1, 1903. See, for earlier publications, T25. See, for Organization and law of Department of Commerce and Labor, C1.2:Or3.]

- C9.1:** **Annual reports**  
(date) [1904-09, in annual reports of Commerce and Labor Department (C1.1:), and issued separately also with additional maps. Two reports were made for 1903, one to Secretary of Treasury (T25.1:903), the other, Oct. 15, 1903, to Secretary of Commerce and Labor (C9.1:903), issued separately only.]
- C9.2:** **General publications**
- Ac3 Acetylene gas. Report on use of acetylene gas by Canadian government as illuminant for aids to navigation; by Albert Ross. 1907.
- Al5 Allowances. List of allowances to light-stations, 1907. 1907. [See, for earlier editions, T25.2:Al 5<sup>1</sup>, 2.]

† In conformity with the act approved June 17, 1910 (Stat. L. v. 36, pt. I, p. 537-539), the duties performed and all power and authority possessed or exercised heretofore by the Light-House Board have been conferred upon and vested in the Commissioner of Lighthouses, under the direction and control of the Secretary of Commerce and Labor, and in lieu of the Office of the Light-House Board there has been established a Bureau of Lighthouses under the Department of Commerce and Labor. This reorganization act became effective July 1, 1910. As this Checklist ends with the publications of the calendar year 1909, it uses the form "Light-House Board."

Pursuant to the provisions of the above-mentioned act of reorganization, the Department of Commerce and Labor has effected the following rearrangement of lighthouse districts:

New number	Old number
First	First
Second	Second
Third	Third
Fourth	Fourth
Fifth	Fifth
Sixth	Sixth
Seventh	Seventh
Eighth	Eighth
Ninth	Third subdistrict
Tenth	Tenth

† In 1910, the Bureau of Lighthouses substituted for the Lights on western rivers three separate series of publications, one for each of the districts concerned; for these new publications additional classes (C9.27:—C9.29:) have been assigned, see footnote on p. 346. The publications bear the new lighthouse district numbers, except for the 14th district, the number of which remains unchanged.

‡ In the rearrangement of lighthouse districts, as fully described in the footnote on p. 339, the 3d subdistrict has become the 9th district. The 1911 issue of this series bears the new title, Buoys and other aids to navigation, Porto Rico and adjacent islands, 9th district. As there has been no change in boundaries of the district, the Public Documents Library continues to class the series under C9.24:\*

† This Checklist ends with the publications of the calendar year 1909. Since that time, pursuant to the act approved June 17, 1910, effective July 1, 1910, the Department of Commerce and Labor has effected a rearrangement of lighthouse districts, as fully described in the footnote on p. 339. The new Bureau of Lighthouses provided for in the above-mentioned act has begun several new series of publications, which has necessitated additional classes under C9., the series titles of which are as follows:

C9.27: Lights, buoys, and daymarks, 13th district narrow 16°

(date) [Information herein contained formerly appeared as that part of the Lights on western rivers (C9.21:) which related to the 15th district. The new 13th district was formerly the 15th.]

C9.28: Lights, buoys, and daymarks, 14th district narrow 16°

(date) [Information herein contained formerly appeared as that part of the Lights on western rivers (C9.21:) which related to the 14th district. There has been no change in the number of the 14th district.]

C9.29: Aids to navigation, 15th district narrow 16°

(date) [Information herein contained formerly appeared as that part of the Lights on western rivers (C9.21:) which related to the 16th district. The new 15th district was formerly the 16th.]

C9.30: Lights and fog signals of United States and Canada on northern lakes and rivers [3d and 10th–12th districts] and unlighted aids to navigation of the United States on those waters 4°

[This is a geographic rearrangement of the former Lights and fog signals, northern lakes and rivers and Canada (C9.18:) combined with the former Lights, buoys, and daymarks, northern lakes and rivers (C9.13:). There have been no changes in the numbers of the 3d, 10th, and 11th districts, but the new 12th district was formerly the 9th.]
