† **C14.18:**

† This Checklist ends with the publications of the calendar year 1909. The Statistics Bureau has since begun the publication of a new series the first issue of which was for quarter ending Sept. 30, 1910. This has necessitated an additional class under C14., the series title of which is as follows:

C14.18: Imported merchandise entered for consumption in United States and duties collected thereon during quarter ending — 4°

[The record of imports of merchandise entered for consumption formerly appeared only in the annual volume, Foreign commerce and navigation (C14.1). The purpose of the publications classed under C14.18, which are issued as promptly as possible after receipt of quarterly returns from customs collectors, is to present in quarterly and annual form a statement of imported merchandise entered for consumption in United States, showing in the 1st issue of each fiscal year the returns of the 1st quarter (July 1–Sept. 30); in the 2d issue, the returns for the 2d quarter (Oct. 1–Dec. 31) in conjunction with those of the 1st; in the 3d issue, the returns for the 3d quarter (Jan. 1–Mar. 31) in conjunction with those of the 1st and 2d; and in the final issue for the year, the returns for the 4th quarter (Apr. 1–June 30) in conjunction with those that precede it.

The tables will continue to be published in the annual volume, Foreign commerce and navigation (C14.1), but will not be made a part of the Monthly summary of commerce and finance (C14.14), because to include them in that would delay the statement of monthly imports and exports.

The date of the fiscal year is used as book number for these publications, the superior number being that of the quarter covered; e. g., C14.18:911<sup>1</sup> is the classification of the issue for Sept. 30, 1910, covering the 1st quarter of the fiscal year 1911.]
